## ne for Completion of Review:

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a secrecy order.

35 USC 181: The inventor or applicant shall not, for a period of 6 months from the date of filing of the application, disclose the invention or cause it to be so disclosed, in any manner, to the public, or to any person, without the express or implied approval of the Secretary of the Department of Defense. The application will be considered to be a "secret" invention if it is so disclosed. If the application is so disclosed, the Secretary of the Department of Defense may, at his discretion, require the inventor or applicant to file a secrecy order with the Department of Defense. If a secrecy order is filed, the application will be considered to be a "secret" invention. If a secrecy order is not filed, the application will be considered to be a "non-secret" invention. The application will be considered to be a "secret" invention if it is so disclosed, and the Secretary of the Department of Defense requires the inventor or applicant to file a secrecy order with the Department of Defense. If a secrecy order is filed, the application will be considered to be a "secret" invention. If a secrecy order is not filed, the application will be considered to be a "non-secret" invention.
